The Association of Coupon Professionals as part of it's commitment to improving business condition in the coupon industry provides the Coupon 101\102 education workshop. The workshop reviews all aspects of the couponing industry in an informative and interactive format designed for individuals new to couponing, or those who need an update and refresher course. Presenters are industry experts who can answer all your couponing questions.

Topics Include:

- ✓ Industry Overview
- ✓ Effective Coupon Strategies
- ✓ Coupon Distribution Types
- ✓ Coupon Design
- ✓ Family Code Management
- ✓ The Redemption Cycle
- ✓ Coupon Misredemption
- ✓ Managing Risk

Highlights Include:

- ✓ Follow the path of a coupon from the time it is issued through redemption, financial settlement and reporting with a detailed review of all the functions in the process.
- ✓ Learn how the transition to the new GS1Databar coupon barcode impacts you and it's benefits
- ✓ Learn from a manufacturer's perspective about internal controls you can implement, and effective coupon program management.
- ✓ Workshop breakout sessions will provide details on family codes and barcodes, and how to plan an effective coupon
- ✓ An open interactive session enabling you to get answers to all your coupon questions.

Who should attend?

Individuals new to couponing or who need a refresher course. It is geared toward marketing & accounting professionals in retail, manufacturing, promotional agencies and clearinghouses.
